

Here are 7 things I wish I knew in
my 20's:

#1: The biggest mistakes come from
too much talking. So, be more silent

#2: Don't make debts or you will be a
long time slave

#3: Don't make money number 1 ,
especially not in your 20's

#4: Not big ideas make succes, only
success makes success. So, be
succesful in small things and use it
to make next bigger success

#5: In street, society and in jail, only
co-operation will bring you more
power than confrontation

#6: The world is small. Show respect
to everyone every fucking day
